

Demos Agree To GOP Cut In Arms Aid Plan

160 Million Slash Okayed By Senators

Washington, Aug. 30 — (AP)—Administration forces in the Senate have agreed to the \$160,990,000 cut proposed by Republican Senators Vandenberg and Dulles in President Truman's \$1,450,000,000 arms aid program, informed senators said tonight.

The senators, who did not want to be quoted by name, said arms aid for European members of the Atlantic Alliance will be cut from \$1,160,990,000 to an even \$1,000,000,000 under a proposal agreed upon by a bi-partisan senate subcommittee this afternoon.

The subcommittee was appointed by chairman Connally (D-Tex) of the Foreign Relations Committee in an announced effort to "adjust" differences and assure "overwhelming" bi-partisan support in the Senate for the Arms Aid bill.

In addition to Connally, the subcommittee consists of chairman Vandenberg (D-MD) of the Armed Services Committee and Republican senators Vandenberg (Mich) and Gurney (SD). They will report to the combined committees on foreign relations and armed services tomorrow.

Reports have been current that Connally would be willing to accept a reduction in the fund if given assurance that there would be no prohibition against use of the aid money to retool European armament plants.

Sensors who asked not to be quoted by name said the Truman administration has estimated that a total of \$155,000,000 would be used to stimulate arms production abroad, including \$36,000,000 for retooling arms plants.

Committee members said the \$155,000,000 includes approximately \$7,000,000 for steel, \$16,000,000 for copper, \$7,000,000 for aluminum, \$55,000,000 for other materials, \$12,000,000 for packing and shipping, and \$14,000,000 for "compensation for loss of dollar earnings." The last item was not explained.

The figures are round numbers and do not add up to the full \$155,000,000.

Connally said the compromise does not touch on the controversial subject of arms for non-communist China.

Sensors said the Connally proposal appears to be aimed primarily at winning agreement from senators Vandenberg and Dulles (R-NY) and supporters of their demands that the Arms program be heavily trimmed.

Vandenberg wants to limit arms aid for the Atlantic Treaty nations to a flat \$1,000,000,000, instead of the \$1,160,990,000 asked by President Truman. Proposed allotments to other non-communist countries outside the pact make up the balance of Mr. Truman's total \$1,450,000,000 request.

Charge Gas Truck Drivers Use Unfair Labor Practices

Chicago, Aug. 30 — (AP)—A charge of unfair labor practices was filed today in the Chicago area strike of 1,800 APL gasoline truck drivers.

The charge was contained in a complaint filed with the National Labor Relations Board by the Sinclair Refining Company. The firm charged pickets of the Teamsters' union had tied up railroad tank cars at its East Chicago, Ind., refinery by applying a secondary boycott.

The company said teamster pickets, parading on property of the Elgin, Joliet and Eastern, Indiana Harbor Belt, and Pennsylvania railroads had induced railroad employees not to handle the tank cars.

One representative of each side in the strike met today while federal conciliators relaxed from recent sessions and waited for a possible phone call to summon them back to new talks.

The two-man meeting, held at an undisclosed place this afternoon, was between Mel E. Vorhees, chairman of the oil company's emergency negotiating committee, and H. E. (Bill) Woods, secretary-treasurer of Local 705, AFL teamsters' union.

DUEL WITH WALKING STICK INJURES TWO

Jonesboro, Ark., Aug. 30 — (AP)—An Affaire D'Honneur was fought with walking sticks here last night.

The duellists — Ed Reynolds, 71, and John McGlasson, 65 — landed in the hospital. They share the same house and grocery bill.

They disagreed on who ate a chicken — southern fried.

The two men will tell their story in court Friday.

Taft Throws Weight Behind 75c Wage Bill

Washington, Aug. 30 — (AP)—Senator Taft, the Republican policy leader, threw his influence today behind a bill to raise the minimum wage from 40 cents an hour to 75.

With debate in the second day, Taft took the floor to announce his support of the bill "as a whole."

Democratic leader Lucas (Ill.) told the Senators that if they pass the bill by tomorrow night he will move for a long labor day recess, through next Tuesday. Meanwhile, this might involve night sessions, he said. Republican leaders indicated they would go along with the plan.

Taft said that while the proposed increase would step up the minimum wage in Interstate Commerce industries by 87 1/2 per cent, this was not out of line with increases in pay for most industries and businesses. He said the wages of the 14,000,000 workers in manufacturing had gone up from an average of 63 cents an hour in 1939 to \$1.38 in June of this year. In the same 10-year period, he said, the rates in the bituminous coal industry rose from 88 1/2 cents to \$1.95, and in building construction from 93 cents to \$1.93.

Taft said that unless minimum wages are lifted, considerable inequality will exist between unorganized wage earners and those in unions.

Senator Pepper (D-Fla.), who is floor manager for the bill, said he had been stripped of several controversial provisions in an effort to assure congressional action this session.

Russia Hits Tito In Another Note

HANS KINDLER, 56, NOTED MUSICIAN, DIES

Watch Hill, R. I., Aug. 30 — (AP)—Dr. Hans Kindler, 56, internationally famous musician founder and conductor of the National Symphony Orchestra of Washington, D. C., died late this afternoon at his summer home here.

He had been ill since he returned in June from an European tour with his wife, Mrs. Hilpersis Myers Kindler.

Reports have been current that Connally would be willing to accept a reduction in the fund if given assurance that there would be no prohibition against use of the aid money to retool European armament plants.

Sensors who asked not to be quoted by name said the Truman administration has estimated that a total of \$155,000,000 would be used to stimulate arms production abroad, including \$36,000,000 for retooling arms plants.

Most Of Nation's Soft Coal Miners To Be Off Monday

Washington, Aug. 30 — (AP)—Most of the nation's 400,000 soft coal miners will work only two days next week by order of John L. Lewis.

The United Mine Workers' chief telegraphed an order to that effect today to more than 2,500 local union branches east of the Mississippi.

However, most industry and union representatives said they are confident that the instructions apply only to next week and were issued because Monday is Labor Day, a national holiday.

Lewis put the present three-day week into effect for coal diggers east of the Mississippi when the UMW contract with the soft-coal industry expired last June 30.

By ordering a two-day week next week, Lewis will be taking another 2,500,000 tons of soft coal from the national stockpile. The heavy reserves which were on hand when the contract expired at the end of June put Lewis at a disadvantage at the bargaining table. That reserve was estimated at a 70-days' supply.

DIED OF POLIO

Port Dodge, Ia., Aug. 30 — (AP)—Results of tests announced today disclosed that Wilmer L. Dillier, 44, of Hopedale, Ill., who died here Sunday, was a victim of bulbar poliomyelitis. The death earlier had been attributed to a heart ailment. He had been visiting Manson, Ia., relatives.

Czech Commies Report Smashing Armed Revolution

Prague, Czechoslovakia, Aug. 30 — (AP)—Czechoslovakia's communist government announced today it had smashed an armed revolt by a large number of conspirators who tried to seize the capital and set up an anti-Soviet regime.

The official account claimed the plotters were "under the direction of a certain western imperialist power" and that a copy of their plan of action was deposited with an unnamed western embassy in Prague by the conspirators.

It was the biggest plot story in Czechoslovakia in months and most Czechs apparently were startled by the government's melodramatic announcement.

The government said the revolt already was in motion when police seized armed rebels who had gathered at their pre-arranged concentration point.

The regime disclosed the smashing of the plot only after authorities were ready to announce that they already had tried and sentenced the accused participants in secret in the Prague state court.

Six men were sentenced to death. Ten others, including three women, drew life sentences. An unspecified number received prison terms ranging from one to two years at hard labor, and 10 others were acquitted.

GAR Vets Honored By Many Notables At Last Meeting

Indianapolis, Aug. 30 — (AP)—Dozens of admirers smothered six old civil war veterans with adulation today and they loved it.

President Truman sent a message to what is billed as the 83rd and last encampment of the grand army of the republic.

"The spirit of the GAR will never die," it said. "In that spirit and by that spirit, the future of our nation is forever secure."

"In a supreme crisis of our country's life, the heroic devotion to duty of you and your comrades laid the cornerstone of our national unity."

Lesser celebrities came in person to the encampment greeting session. They included screen actor Gene Raymond, Lt. Gov. Harold Arthur Raymond, Toledo, Ohio, commander of the United Spanish war veterans.

The six old men, all 100 or older, didn't hear very well, in spite of a public address system set up in the hotel suite of Commander Theodore A. Penland, Vancouver, Wash.

But it was the first time all six had been in any session together, though this is the third day of the meeting. They made the most of it by swapping yarns—an exhausting task of shouting in each other's ear.

Kingman, Ariz., Aug. 30 — (AP)—Two asst. minded motorists are doing some tall explaining today.

Early today a car drove into a filling station here. Two men got out of the front seat and decided to have some coffee. They left their wives sleeping in the back seat.

Shortly afterward the wives woke up and left the car. The husbands returned and drove off.

The highway patrol was given a stop order on the car—bearing an Illinois license. It was headed east.

A highway patrolman stopped the car near Seligman. After a hasty telephone call, the wives took the bus at Kingman while their husbands waited for them at Seligman—87 miles away.

Berlin, Aug. 30 — (AP)—The West Berlin newspaper Sozialdemokrat said today a vanguard of 3,500 heavily armed East German police had been sent to the Yugoslav border for "a possible war against Tito."

The newspaper said perhaps 12,000 more will be sent for "anti-Tito" work in the Balkans, and "with feverish hurry tanks, guns and other military equipment are being loaded on trains and trucks to go with the German police troops."

British and American army intelligence officers said they knew of the report, but could not confirm it. Sozialdemokrat is the British-licensed newspaper of the Social Democratic party which claims to have an extensive network of underground agents in the Soviet zone.

The Volkspolizei (people's police) of the Russian zone is reported to have a total enrollment of 300,000 but is believed to actually number only about 80,000 men under the command of Soviet General Smirnov. It has participated in military-style training and maneuvers under the eyes of Soviet officers and pro-pagandists.

Truman Presses Solons For Acton On Civil Rights

Washington, Aug. 30 — (AP)—Rep. Sabath (D-Ill.) said today President Truman has pinned a "must" label on congressional action to outlaw racial or other discrimination in employment.

The proposed legislation is perhaps the most bitterly fought part of Mr. Truman's civil rights program.

But Sabath, talking to newsmen after a White House conference with the president, gave no inkling as to the prospects for early action.

He said he told Mr. Truman he would do what he could to get the legislation moving when the House ends its recess Sept. 21. Sabath put it this way:

"I told him I have a great big list of pending bills, but that I would do the best I can."

Sabath is chairman of the House rules committee. Among bills pending before the committee is a measure designed to set up a permanent fair employment practices commission (FEPC).

Sabath said the president listed the FEPC bill in the "must" category along with several others, including legislation for a \$10,000,000 recovery program in southern Korea, a \$100,000,000 public works planning program, expanded social security benefits, statehood for Alaska and Hawaii, and increased benefits for postal workers.

He did not list the bills in the order of priority sought by the president.

Chicago Commie Admits He Lied Under Oath In '35

New York, Aug. 30 — (AP)—A Chicago communist admitted today he lied under oath in 1935 in seeking a passport for a trip to Moscow.

Max Weiss, former communist national education director and 28th defense witness in the 33-week-old conspiracy trial, said under cross-examination that he falsely listed his occupation, the countries he intended to visit, and the purpose of his trip.

In explanation, he told the court that he had to pass through Nazi Germany to reach the Soviet Union and that his life "would have been in danger" if he had given his real destination in his passport application.

In the application, he said the purpose of the trip was "a vacation," his destination was England and France and his occupation was office clerk.

He testified that his real purpose was to attend the International Congress of the Young Communist International in Moscow as an American delegate.

Woods To Study How Far To Lift Controls

Washington, Aug. 30 — (AP)—Housing officials said today that Tighe E. Woods, the rent control boss, will begin studying broad surveys next week to determine how far his agency will go in a cutback of controls.

Woods, who is out of town on vacation, said recently that a reduction of funds for his agency by congress would necessitate lifting of controls in one third of the nation's areas now covered.

One official told a reporter there has been no change in Woods' prediction that controls will have to be lifted over wide areas. But, he said, such a cutback will be taken in orderly fashion "by streamlining controls operations and effecting every possible economy."

He said surveys now are being made by the housing staff to determine where housing needs have been met and controls can be lifted.

The official emphasized, however, that no economies will be allowed to affect the rights of tenants and their protection against evictions and overcharges; nor will they be allowed to affect the rights of landlords to justifiable rent increases under the law.

Meanwhile, there were these new developments today concerning rent control:

1. Rent ceilings were lifted in fringe areas in these nine states: Illinois, Indiana, Kansas, Kentucky, Michigan, North Carolina, Wyoming, Vermont and West Virginia; and
2. A new case challenging constitutionality of the "home rule" de-control provision of the rent law was filed in federal court here.

A housing official said today's lifting of ceilings were merely routine under the law. The act requires the expediter to lift controls where checkups show demand for rental housing has been reasonably met.

Million Watch Legion Parade

Philadelphia, Aug. 30 — (AP)—A million people who love a parade cheered and applauded today for American Legion veterans of two World Wars strutting in one of their biggest, noisiest and most colorful demonstrations.

This staid old city is entertaining the Legion's 31st national convention. Today the legionnaires put aside convention business and entertained Philadelphia and thousands of guests.

Business and traffic in the nation's third largest city slowed to a crawl shortly before noon when the first parade unit stepped off down confetti-strewn Broad street to the blare of bugles and the rattle of drums.

The last of the 30,000 marchers was due at the end of the five-mile route about midnight. But before nightfall the marchers had fallen behind schedule.

Crowds lining the sunny streets and seeking the cooler shadow shelter of skyscrapers tapped toes in cadence with martial tunes of 150 bands and bugle and drum corps.

Keeping step with the bands were crack drill units of the army, navy, marine corps, air force, wars and waves. Armored cars, jeeps and other mechanized units rumbled past the crowds. Overhead, blimps and flights of fighter and bomber planes roared through cloudless skies.

Many legionnaires carried symbols representing their states—sagebrush for Nevada, corn for Iowa, sombreros for Texas. There was even a real Santa Claus from Santa Claus, Ind.

The parade was the only official legion business for today. Tomorrow the 6,000 convention delegates and alternates set aside pagentry and take up more serious matters.

Principal business item at Convention Hall is consideration of resolutions that will set forth legion views and policy on world and domestic affairs.

Election of a new national commander of the legion comes up Thursday, with four announced candidates campaigning vigorously for the post.

Swears He Did Nothing Wrong

Washington, Aug. 30 — (AP)—Maj. Gen. Harry H. Vaughan testified today that he collected at least \$4,000 in Democratic campaign funds from John Maragon and a widely known race track figure—both of whom received Vaughan favors.

But he swore he did nothing wrong. He told senators investigating Washington's "influence industry" they could look at his bank account if they wanted to see whether he ever had profited personally.

He even hinted that on at least one occasion his troubles may have been caused by someone impersonating him.

Vaughan, who is President Truman's army aide, said Mr. Truman didn't know what firms Vaughan was busily assisting.

It was during the 1946 campaign, Vaughan told the Senate investigations subcommittee, that he got \$2,000 or \$3,000 from William Helis, a race horse owner who sought—and got—Vaughan's aid in getting a permit for scarce materials needed at the Tanforan race track in California.

He said that he also got around \$2,000 that had been collected by Maragon, Washington fixer-upper who was interested in everything from molasses to perfume and who repeatedly sought — and got — Vaughan's help.

The money, Vaughan said, was turned over the democratic campaign in Missouri, Vaughan's home state as well as the president's.

As for Vaughan's suggestion that someone else was making like General Vaughan:

He referred to a phone call, and said he didn't know whether it was a case of being misunderstood or whether "someone impersonated me."

This was not developed, although Vaughan did say that for a time Maragon had used the phone in his office at the White House. As soon as he found out about this, Vaughan said, he put a quick stop to it.

Vaughan made no charge that it was Maragon who impersonated him. Maragon has a Greek accent and it would be hard to mistake his voice for Vaughan's.

The Senate committee was still digging into details of the campaign contributions when its time ran out. Vaughan promised to have more facts available on who gave, and how much, when the committee hears him again tomorrow.

CHICAGO LIVESTOCK MARKET REPORT
Chicago, Aug. 30—(P)—Hogs sold at steady to 25 cents lower prices today, cattle were steady to 50 cents higher, and sheep generally steady.
Barrows and gilts fetched \$17.50 to \$21.35 and a top of \$21.50, while sows made mostly \$15 to \$18.50, few going to \$19. Clearance was good.
A load of choice to prime steers made \$30.25, highest since April 11, and several loads grading choice merited \$29.65 to \$29.90. Most high-grade and choice steers and yearlings brought \$28 to \$29.50, while high-medium and good offerings went at \$24.50 to \$27.75. Good and choice fed heifers had \$25.75 to \$28, their top for the day. Cows topped at \$18.50, sausage bulls at \$21, and vealers at \$27.
Native spring lambs found a practical top at \$23.50 although the extreme element went to \$24. Yearling wethers sold downward from \$21 and ewes from \$8.50.
Receipts for sale included 9,500 hogs, 8,500 cattle, 500 calves, and 2,500 sheep.

Chicago, Aug. 31—(P)—Going, gone is the sad tale commercial fisherman told of once rich hauls in Lake Michigan.
To prove they're not crying wolf, Matheron Kyritsis sent us out with his crew from Waukegan. Kyritsis, president of the Illinois Commercial Fishermen's association and owner of a Waukegan sea food restaurant, has been the leading figure in the fight against the fish killing sea lamprey.
The lamprey, he says, poses a problem on which commercial and sport fishermen can work together. At the fishing grounds we learned what he means when he says commercial fishing in the Great Lakes is going to pot. The catch from a mile and a half of net was one eelpout (about six pounds), and a mixed haul of suckers, chubs and perch (total about 10 pounds).
Nary a lake trout, favorite host for the lamprey, was in the haul. But up came a 10-inch perch with one of the blood sucking hitch hikers firmly attached.
Kyritsis reports that the senate this week has approved a bill appropriating \$256,000 for research in combating the eel-like parasites.
How the money will be spent probably will start an argument. The fishermen believe weirs built to trap the lamprey in the rivers where they spawn is the best way to combat the menace.
The scientists say weirs are too expensive, take too long. They're

SELLING, LIQUIDATION CARRY GRAINS LOWER NEAR MARKET'S END
Chicago, Aug. 30—(P)—Selling by commission houses and liquidation by local traders carried all grains lower toward the close of today's board of trade session.
Cash dealers were credited with selling September wheat as earlier commercial demand subsided. Corn reacted with wheat when corn bookings on a to-arrive basis were placed at 125,000 bushels.
Starting on a steady basis, futures advanced on until a wave of selling hit soybeans midway through the morning session. Some recovery developed, but the market failed to regain its steady tone.
Receipts were: wheat 5 cars, corn 62, oats 15, rye none, barley 8, soybeans 3.
At the finish wheat was 1 to 1 1/2 lower than yesterday's close. September \$2.00 1/4. Corn was 1/4 higher to 1/2 lower. September \$1.26 1/4. Oats were unchanged to 1/2 lower. September 67. Rye was 1/2 to 3/4 lower. September \$1.38. Soybeans were 1/2 to 2 cents lower. November \$2.31 1/4. Lard was 2 to 8 cents a hundredweight higher. September \$11.95.

New York Stock Market
New York, Aug. 30—(P)—A trickle of cautious buying orders kept the stock market pointed upward today. Few gains exceeded fractions and numerous leading issues did no better than remain at Monday's closing levels.
Business frequently came to a complete standstill. Turnover was at the rate of only 600,000 shares or so for the full session, easily the slowest market of the month.
Selective demand developed for corporate bonds.
East St. Louis Livestock
National Stockyards, Ill., Aug. 30—(P)—Hogs 10,500, fairly active; barrows and gilts mostly steady with Monday's average; spots strong to 25 higher on weights under 180 lbs.; sows steady to 25 higher; bulk good and choice 200-250 lbs. 21.25-50; top 21.50; heavier weights scarce, odd lots 260-300 lbs. 19.75-21.25; 180-190 lbs. 20.25-21.00; 140-170 lbs. 17.00-19.25; few 100-130 lb. pigs 14.00-16.75; good sows 400 lbs. down 17.00-18.50; heavier weights 13.25-16.50; stages 11.00-14.00.
Cattle 6,500; calves 2,000; moderate early inquiry for choice steers with few loads high good and choice steady at 27.25-28.00; Little done on others; heifers and mixed yearlings opening steady but somewhat draggy on common and medium kinds; cows steady and fairly active; common and medium largely 14.00-15.00; canners and cutters 11.00-14.00; bulls steady to 25 lower, the decline on tops; medium and good bulls 16.50-18.75; cutters and common 14.00-16.00; vealers steady but sorting deep on the top end; good and choice 25.00-30.50; relatively small percentage above 28.00; common and medium 18.00-24.00.
Sheep 3,000; liberal run trucked in native spring lambs; early bids and few sales weak to 50 lower than Monday; top 24.00 for moderate sprinkling of good and choice lambs to butchers; no early sales to packers; short deck good and choice fed yearlings 21.25, steady; slaughter ewes steady; most sales 6.00-8.50.

TRAGIC LESSON IN ATLANTA

The 28-year-old taxi driver who ran down author Margaret Mitchell and inflicted fatal injuries ought to be an object lesson for traffic authorities everywhere.

According to reports from Atlanta, where the accident occurred, the driver was drunk when his car struck Miss Mitchell and knocked her down. When she was hit, his vehicle was over the center line of the street.

It now develops that this man had a record of 23 previous traffic violations. There is no report on how serious these infractions were. But more than a score of them should have been enough to deprive this driver not only of his taxi license but of a regular drivers' permit, if Georgia requires one.

He has no business behind the wheel of an automobile. The death of the author of "Gone With the Wind" lends tragic emphasis to that fact.

LEARNING FROM THE PAST

While we share the pride of people living today in the achievements and accomplishments of the human race, nobody can imagine how much information has been lost through the years. Research scholars know that some of the secrets of past ages have escaped us and there may be other things about which we are unaware.

This comes to mind when we hear that modern engineers are taking advantage of what the Romans did some two thousand years ago. Near Pozzuoli, the ancient people used a volcanic ash in the making of concrete. Today, quantities of sooty fly ash, taken from industrial chimneys, are used to replace part of the cement in concrete. This effects huge savings and, according to engineers, makes better concrete.

In connection with the construction of Hungry Horse Dam, in Montana, the engineers of the U. S. Bureau of Reclamation expect to save \$4,750,000 through the use of pozzolana, the technical name for sooty fly ash. They say that the cement in the dam will be little more than half a barrel a cubic yard, compared with a barrel yard in the Grand Coulee structure.

In addition, from Kansas, comes the news that highway engineers are trying the merits of pozzolana in the construction of modern highways. They point out that the Romans used it as a roadbuilding material as far back as 753 B. C.

FIFTY GOLDEN YEARS

MR. AND MRS. ALBERT C. PHILLIPS

Mr. and Mrs. Albert C. Phillips, 327 East Wolcott street, will celebrate their 50th wedding anniversary on Sunday, Sept. 4.

In observance of the occasion, open house for friends and relatives will be held at the Y.M.C.A. Youth Center on West State street from 2 to 5 o'clock in the afternoon.

A family dinner will be served at their home, at which time both of their children will be present.

Mr. and Mrs. Phillips were married Sept. 4, 1889, in the Christian church parlor in Canton by Rev. Mr. Litchberger. They have spent most of their wedded life in Jacksonville.

They have two children, Mrs. M. F. Smith of South Bend, Ind., and James Phillips of Detroit, Mich. There are also five grandchildren and one great grandson.

THE DOCTOR SAYS

Early Detection Vital In Halting Cancer's Spread

By EDWIN P. JORDAN, M.D.

Written for NEA Service

The cause of cancer has so far remained undetected. However, many competent investigators all over the world are tackling this problem and it may not be too long before the vital clue is discovered. In the meantime, however, everyone should realize that it is most difficult to treat any disease the cause of which is as uncertain as is that of cancer.

The average age of the people in civilized countries is gradually increasing. In the later years of life, however, disease like cancer becomes more frequent. Thus, there is good reason to believe that as there become more older members of the population, the frequency of cancer will also increase.

Develops Rapidly
A cancerous tumor located in a single organ or portion of the body can be removed completely by surgery if it is discovered and the treatment begun before it has a chance to spread, or to become generalized. This basic fact is the reason why all those who speak on cancer prevention emphasize the importance of an early diagnosis and prompt treatment.

Beside the need for more information on the cause or causes of cancer, a simple accurate test which will make it possible to know whether cancer is present or not anywhere in the body is also needed.

This is particularly important because it is obviously impossible to examine everyone thoroughly every few months by X-rays and other special tests which are the only means available today for identifying the presence of cancer in some particular body part or organ.

Note: Dr. Jordan is unable to answer individual questions from readers. However, each day he will answer one of the most frequently asked questions in his column.

THE DOCTOR ANSWERS

By EDWIN P. JORDAN, M.D.

Question: Is it true that the darker the color of a person's eyes, the better the eyesight?

Answer: This is not true, except that people with dark eyes have somewhat better protection from bright light. Dark-eyed people would not see better under ordinary conditions, but might do so in extremely bright sunlight.

Mr. and Mrs. Fred B. Hopper, 800 West Douglas avenue, have received word telling of the birth of a son to their son and daughter-in-law, Mr. and Mrs. Roger P. Hopper of Chicago. The infant, born in a Chicago hospital Sunday, has been named Stephen Roger.

Mr. and Mrs. Elmer Armstrong of Springfield are the parents of a daughter, Sandra Jean, born Monday evening at St. John's hospital. The child weighed six pounds and 11 ounces. Mrs. Armstrong was formerly Miss Imogene Dingeldein, daughter of Mr. and Mrs. G. W. Dingeldein, 788 East College avenue.

The Jacksonville public schools will open Thursday, Sept. 1. Children should report to the elementary schools at 9 a. m. Junior and senior high school students should report at 8:30 a. m. Only freshmen will attend high school on the first day. Upper classmen will begin school on Friday, Sept. 2.

The first day of school will consist of a morning session only. The afternoon will be free for pupils to rent books or purchase school supplies. Rental textbooks will be available to all students. The semester rental fees for the elementary grades will be as follows: For the first grade, \$1.10; for the second grade, \$1.00; for the third grade, \$1.25; for the fourth grade, \$1.15; for the fifth grade, \$1.80; and for the sixth grade, \$1.60. In the junior high school, the semester rental for the seventh grade will be \$1.45 and for the eighth grade, \$1.50.

In the high school, books will rent for 40 cents per course. Most students take four courses and their semester rental fees will be \$1.60. Consumable materials such as workbooks, pencils, crayons, paper, etc., are not included in rental and must be purchased at the school supply stores.

The faculty assembled Monday for a three-day conference at which various phases of the school program were discussed. The session opened with a meeting of the whole faculty at the high school. On Monday afternoon teachers met with their principals at each of the six school buildings.

On Tuesday and Wednesday, teachers met in groups to discuss such subjects as the curriculum, special services for exceptional children, health and safety, and methods of audio-visual education, methods of reporting school progress to parents, and the general objectives toward which the schools should strive.

THREE SENTENCED IN SOVIET SAFETY CASE

Moscow—(AP)—The labor union paper "Trud" recently reported that sentences had been meted out in the Urals to officials of a quarry in Miass at which safety rules had been violated. The chief of the quarry was sentenced to three years deprivation of freedom, a shift foreman to two years and a safety engineer to a fine of 1,500 rubles.

"Trud" said because of the negligence of these persons workers in the clay quarry had to work in difficult and dangerous conditions.

Recover Three Stolen Cars; Service Station At Chapin Burglarized

Three automobiles stolen in Jacksonville and Chapin during the past 48 hours were recovered Tuesday by members of the city police force and sheriff's officers. Two of the cars were stolen in Jacksonville and one in Chapin.

Added to the miniature crime wave was the robbery of the Waters Standard filling station at Chapin about midnight Monday night.

The first car to be recovered was a 1940 Buick two door sedan which was stolen from Ray Eldridge, Lincoin and Mercury dealer, from a sales lot on North Main street near Walnut street. This car was found abandoned on U. S. Route 67 two miles west of the Virginia Country club. The thieves locked all doors of the car when they left it at the side of the highway.

Sheriff Nick Long of Cass county notified Sheriff Ralph Bourn that the Eldridge car had been found.

Find Parker Car at Chapin
Shortly after the report on the Eldridge car was received, Sheriff Bourn received a call from Chapin that a car belonging to John Parker of 913 North Diamond street had been found in Chapin. The sheriff went to Chapin and while making an investigation there discovered that the Waters Standard filling station at the north edge of Chapin on State Route 104 had been burglarized.

The owner of the filling station told the sheriff that the burglars had stolen 10 cartons of cigarettes, three boxes of cigars, a carton of chewing gum and some plug tobacco.

Sheriff Bourn also investigated the theft of an Oldsmobile from Chester Griffin of Chapin. Griffin told the officers that he drove home about 11 o'clock Monday night and removed a bass violin from the top of his car and took it into his home. When he returned to get into his car he found that it had disappeared. He immediately notified county officers and Jacksonville city police.

Abandon Machine Here
Traffic Officer Harold Campbell received a report about 9 o'clock Tuesday morning that a car had been abandoned in the 1100 block on North Chapin avenue. Campbell went to the scene and found that the car was the property of Mr. Griffin. The front right fender was badly damaged and a checkup showed that it had collided with a telephone pole at Chapin.

Sheriff Bourn said that some chewing gum and plug tobacco were

found in the Griffin car, evidently having been placed there by the thieves following the robbery of the Chapin filling station.

The Parker car was found in a ditch near Chapin. It was without oil and only a small amount of gasoline. Oil was placed in the car and it was driven to Jacksonville by Deputy Sheriff Jack Andrews.

Both city and county officers are now searching for the men who stole the three automobiles and robbed the filling station.

Chief Frank D. Kiloran and Sheriff Bourn joined forces in the investigation.

Stolen Car Still On Missing List

No trace has been obtained of a 1938 Buick automobile owned by Dr. A. H. Dollear, which was stolen from the garage at his farm west of the city on August 24. A description of the car, which carried license plates 860-477, has been broadcast over police networks in several states.

Several valuable shotguns were in the car at the time it was taken. They included Remington and Winchester models.

OPEN LETTER TO BING CROSBY

Dear Bing:

This is the first time we've had the honor of showing one of your pictures for a "first run engagement" in the Times theatre. We are especially proud to present "TOP O'THE MORNING" to the Jacksonville area for the first time.

We have had many, many fine stars in our theatre since inaugurating the policy of presenting occasional full week engagements of big hits, but confidentially Bing, we think you are the top star ever to appear in the Times... and believe me, we're telling everyone about the event.

We screened your latest fun and son filled movie to the local Rotary Club the other day and their enthusiasm was wonderful. I feel sure it will be a big hit with our regular patrons and probably bring others to us for the first time.

Thanks Bing, and the "Top O'the Morning" to ye.

Sincerely,
Emmett Barton, Mgr.

P.S. We think you're terrific too, Barry Fitzgerald, so don't get your Irish up. E.B.

Recovers From Electric Burns

Glasgow—A delayed report has reached Glasgow on the condition of Russell Killebrew of Greeley, Colo., son of Mr. and Mrs. William Killebrew of Peoria, former Glasgow residents, who accidentally came into contact with an electric power line carrying a reported 7200 volts, while employed by the power company at Greeley.

Killebrew was riding the top of a beet loader that was being moved through the town, checking on the clearances of power line wires.

Another young man, employed by the machine's owner, was also on top with Killebrew, and for some unaccountable reason stood up just as the machine was passing under the heavily-loaded power line, which had a clearance of about 18 inches above the machine, and was instantly electrocuted upon coming into contact with the live wire.

The flash resulting from the contact burned the wire in two, with one section falling and striking Killebrew, who was lying down on the machine, causing him to receive a large number of minor burns about the body and several severe burns on the head, face and arm. He was hospitalized for about a week, after which time he returned home to recuperate, and is now back to work with the power company.

His parents, and his brother, Glenn of Peoria, and his sister and husband, Mr. and Mrs. Lyle Shultz of Metamora went to Greeley immediately after the accident, and remained there a few days.

Pony Won't Take A Rest

Chatswood, N.S.W., Australia — (AP) — Maurice Woodward, builder, decided his pony had grown too old to carry him to work, so bought a utility truck.

But it just didn't work out. Prince, a yearling, appeared on the doorstep every morning to let the boss know it was time to get going, couldn't understand when Mr. Woodward went off in the new-fangled horseless carriage and left his faithful offside behind.

It got so pathetic that Woodward now hitchhikes Prince beside the truck and takes him along at a few miles per hour.

Virginia L. Hubbert Weds Ray Applegarth

Ceremony Unites Winchester Girl And Kansas Man

An altar of ferns and garden flowers, flanked by glowing tapers, provided a pretty setting for the marriage of Miss Virginia Lucille Hubbert and Ray D. Applegarth, which was solemnized at the First Christian church in Winchester on Sunday afternoon. Rev. James W. Williams, pastor, received the vows at 2:30 p.m.

The bride is the daughter of Mr. and Mrs. Walter G. J. Hubbert, rural route four, Winchester. The bridegroom is the son of Mr. and Mrs. John E. Applegarth of Washington, Kans.

Gary Stuart, organist, played the traditional wedding marches and was also accompanist for Miss Norma Smith, as she sang, "I love You Truly," "My Hero," "Because," and "With This Ring I Thee Wed."

Proceeding the bride to the altar were Miss Colleen Robinson, maid of honor, Misses Wanda Lee Barnard and Emma Lou Burbank, bridesmaids, Judy Danner, flower girl, and Ronnie Robinson, ring bearer.

The bridegroom was attended by his brother, William Applegarth, as best man. Raymond and William Hubbert, brothers of the bride, were ushers, as were Edward Evans and James Coultas.

Mrs. Burbank had bouquets of white asters also tied with yellow satin streamers. The flower girl wore a white gown of net over satin and carried a basket of petals. The ring bearer was attired in a white suit. Mrs. Hubbert wore a blue beanie with a gardenia corsage. Mrs. Applegarth was unable to attend.

Reception At Church

Immediately following the ceremony, a reception was held in the church basement. Mrs. Thomas Coultas baked the three-tier wedding cake, topped with miniature bride and groom, which was cut by the couple. Serving was done by Mrs. Frank O'Donnell, Mrs. Thomas Coultas and the Misses Jennie Neese, Vera Parker, Patricia Young, Hazel Merrill and Claudine Savage. The guests were registered by the Misses Bonnie Blair and Beverly Funk.

For her going-away ensemble the bride chose a forest green frock with brown accessories and a gardenia corsage.

Mrs. Applegarth graduated from Winchester High school in 1940. She was formerly office secretary at the Winchester Times.

Mr. Applegarth is a ministerial student at the Manhattan, Kans., Bible college and pastor of the Christian church at Carleiro, Kans.

After Sept. 5 the couple will be at home at 1310 Laramie, Manhattan, Kans.

Legion Will Help Vets Apply For Life Dividends

The Illinois American Legion is prepared to aid all local veterans in applying for their National Service Life Insurance dividends.

This was announced Tuesday by Glenn E. Spencer, commander of Jacksonville post No. 279 of the American Legion at 215 West College avenue.

"Beginning Aug. 29, our post will have the necessary applications which veterans will have to send to the Veterans Administration to get their dividends, or refunds," Commander Spencer said.

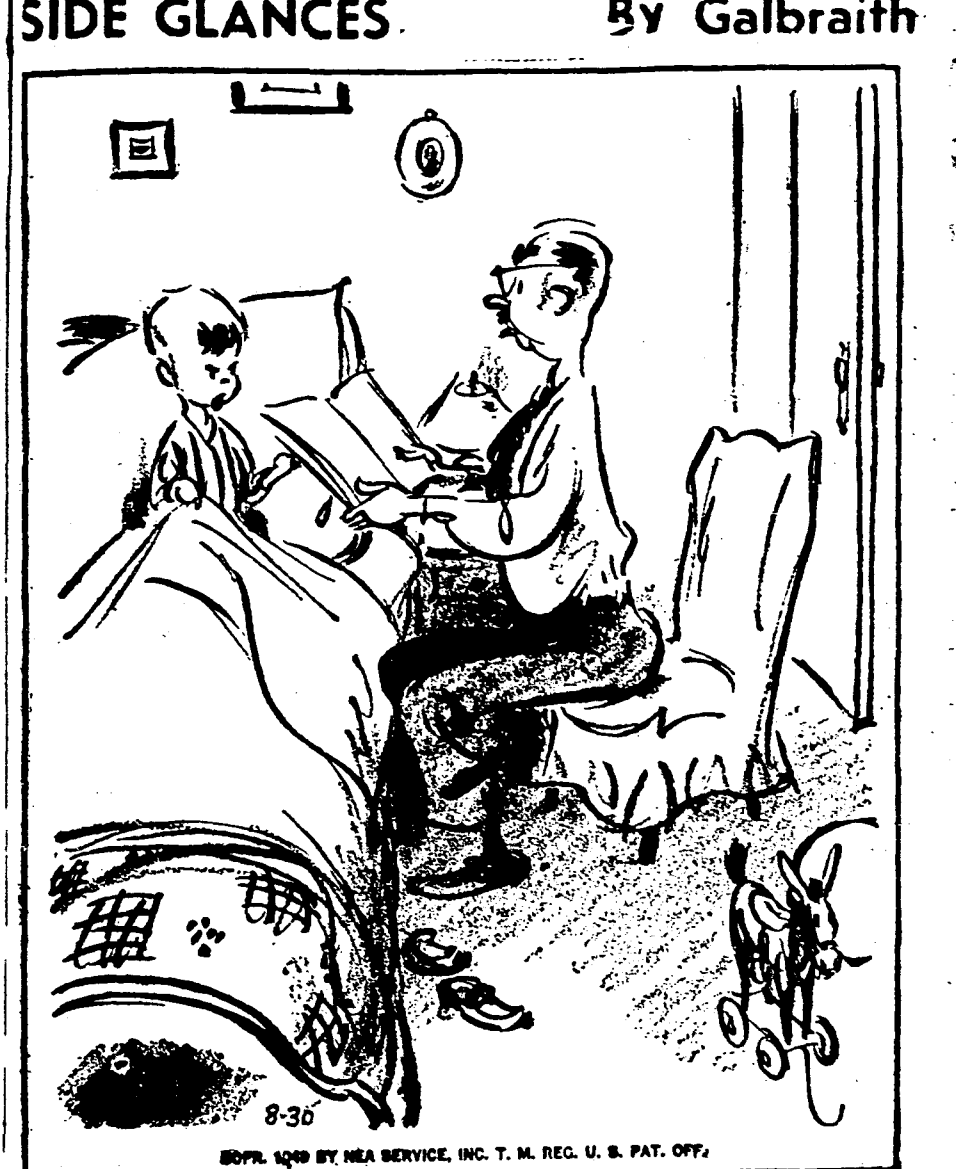

Every veteran who held his GI insurance for 90 days or more will have a refund coming to him. The VA expects to pay out some \$2,800,000,000 in refunds. Payments per veteran are expected to average about \$175.

Applications should be filled out as quickly as possible, the commander reported. Actual payments are expected to be made in January of next year.

"The American Legion," according to Commander Spencer, "will put on the biggest manhunt in history trying to locate veterans eligible for the refunds."

"The VA estimates some 16,000,000 veterans are entitled to the refunds. Today, the VA has the home address of only six million. The American Legion will aid in locating the other 10,000,000."

The refund is being paid because the mortality rate of servicemen in World War II was not as high as expected. Premium payments were based on the anticipated death toll.

"The baby sitter said those children's verses are corny. Dad—can you find the book she read to me about murder in a sewer?"

Mildred Handy, Donald Turner Exchange Vows

Waverly—Miss Mildred M. Handy, daughter of Mr. and Mrs. George Handy of Waverly, and Donald Turner, son of Mr. and Mrs. Jasper Turner of Modesto, were married Aug. 7 at the Stuart Street Christian church in Springfield. Rev. Donald J. Finley, performed the double-ring ceremony.

The attendants were Miss Marilyn Turner, sister of the bridegroom, and Kenneth Handy, brother of the bride.

The bride wore a powder blue suit with navy blue accessories and carried a bouquet of white gladioli. Her attendant wore a yellow suit with brown accessories.

Mr. and Mrs. Turner graduated from the Modesto Community High school.

The bride is employed in the Department of Internal Revenue at Springfield and the bridegroom is engaged in farming. They will reside on a farm north of Modesto.

White Hall Girl Feted At Shower

White Hall—Mrs. Truman Ransom was hostess at her home here Thursday night at a miscellaneous shower in honor of Miss Irene Ransom, who will become the bride of John Jeffers of Terre Haute, Ind. The bride-to-be received many gifts. Refreshments were served by the hostess.

A family party was held Tuesday night at the home of Mr. and Mrs. Bob Heberling in honor of their son, Pfc. Joe Heberling, who leaves this week for a new assignment at Scott Field, after a furlough at his parent's home here.

Mr. and Mrs. Howard Bertine will accompany her mother, Mrs. Floss Neal, to St. Louis Saturday where she will board a plane to visit her son and daughter-in-law, Capt. and Mrs. Coyle, Jr., in Arlington, Va.

On the same plane will be Mrs. Gladys Roodhouse and daughter Carol, who are going to Washington, D. C., to join her husband M. Sgt. Warren Roodhouse, who has received an assignment there. Sgt. Roodhouse served several months in China and Japan, during which Mrs. Roodhouse visited in White Hall with her mother, Mrs. Wesley Neutzman and Mr. Roodhouse's parents, Mr. and Mrs. C. E. Roodhouse.

METEORITE FALLS IN RUSSIA

Moscow—(P)—A large meteorite fell recently in the Urala area. It exploded 22 miles over the earth's surface.

Dr. John H. Russel Acting President At Girls' School

The appointment of Dr. John H. Russel, a former Jacksonville man, as acting president of Frances Shimer College at Mount Carroll, Ill., was made Tuesday by Samuel James Campbell, president of the board of trustees.

Dr. Russel, the son of Mrs. John H. Russel of this city, relieves President Albin C. Bro of all administrative responsibilities during the latter's leave of absence from the institution.

DR. JOHN H. RUSSEL

Dr. Russel went to Frances Shimer as Academic Dean in September of this past year after some 15 years experience in the field of education. A graduate of Illinois College in Jacksonville, he later received his Masters Degree from Harvard University, studied abroad at the Sorbonne in Paris, France, and in September of 1948 was awarded his Ph.D. in Education from the University of Chicago.

After his graduation from Harvard in 1932, Dr. Russel first taught in the Illinois public school system and later served as an instructor in French and German for six years at Blackburn College in Carlinville. In 1942 he was appointed Dean of the college at Blackburn, a position he held until 1934 when he entered the Navy as a lieutenant with the Educational Service Division. After his discharge in 1946, he returned to the University of Chicago where he served as a part time technical assistant with the North Central Association while completing work toward his Ph.D. degree. He assumes his present position immediately.

Dr. and Mrs. Bro with their son, Andrew, have gone to their summer home in Cable, Wisconsin where Dr. Bro is awaiting confirmation of his appointment as Culture Attaché for the State Department in Korea.

Plan Two Great Books Groups For This Year

The Great Books discussion group, which held its final meeting of the first year course at the Public Library Monday evening, under the leadership of Dr. Elizabeth Nichols and Miss Frances Bailey, city librarian, is being planned.

Karl Marx's Communist Manifesto was the subject of a lively discussion in which everyone participated and no one was converted to the Marxian plan.

Member participation is the accepted method for hundreds of Great Books groups all over the country. Leaders do not lecture, they merely ask questions which will provoke

comment. This social method of sharing opinions has proved so enjoyable in the eighteen meetings that have been held here that a second year group is being planned.

Homer's Odyssey will be the subject of the opening meeting to be held on September 12. Miss Emma Leonard and Mrs. Paul Davidmeyer will be the leaders. Anyone who has been a member of a similar group is invited to join.

In response to many requests a first year group, under the sponsorship of the Public Library, has been planned to meet on the first and third Mondays of each month. This will be open to everyone. Reports from Springfield, St. Louis and other cities indicate that the most interesting discussions have resulted when men and women have been equal in numbers and varied shades of opinion have been represented.

Miss Bailey will lead the discussion at the opening meeting. Those desiring further information may contact her at the public library, where a shelf of reading material is on display.

Work Day, Ebenezer Cemetery, Thurs., Sept. 1st, 9 A. M. Bring axes, spades, forks, scythes. All interested please come.

Turnesa Wins In Match Play For Amateur Title

Rochester, N. Y., Aug. 30.—(P)—Willie Turnesa, the smiling champion, won the first match in the defense of his U. S. amateur golf title today but so did his most powerful rivals.

Turnesa spun a brilliant two-under par 69 over the 6,800 tree-studded yards of the Oak Hill Country Club's east course to subdue Harold Foreman of Glenview, Ill., for a 1 up triumph.

Moving into tomorrow's pair of 18-hole rounds with Turnesa were such American stalwarts as Ray Billows of Foughkeeps, N. Y., runner-up to Turnesa last year; Frank Stranahan, the well-muscled millionaire of Toledo; and Robert F. (Skeet) Riegel of Tulsa, Okla.

Yesterday Foreman had eliminated Ernest Millard after getting into the tourney as an alternate when Gus Moreland of Peoria, Ill., suffered a broken collar bone.

Riegel and Stranahan each won with ease and play each other in tomorrow morning's third round. The fourth round, also of 18 holes, will be played tomorrow afternoon.

Decatur Softball Team Wins State ASA Championship

Danville, Ill., Aug. 30.—(P)—Tom's grill of Decatur tonight won the Illinois State softball championship with a 2-0 victory over the Peoria Caterpillars.

Dutch Seybert held the Peoria club to four hits in the 7-inning title contest, while the winners collected five hits off two Caterpillar tatters.

Decatur scored one in the third on Bill Knorr's single and Gene Leake's double. Another tally came in the fourth on Seybert's single and an outfield bobbie which scored Harry Atkins from second.

Tom's Grill of Decatur001 100 0-2 5 1

Seybert and Bradford; Dominick, Kenning (5) and Vesta.

Sugar Robinson To Wind Up Ring Career In 1950

Detroit, Aug. 30.—(P)—Sugar Ray Robinson plans to wind up his fighting career in 1950, but he'd like a crack at the middleweight title before he bows out of the ring picture.

The flashy welterweight champion figures 10 years of professional fighting "is a long stretch and the ring is rough on you."

Visiting here to consider possibilities for a Detroit bout in October, Robinson told reporters yesterday he expects to "fight through 1950 and then quit."

"I'll be almost 30 years old then, and it's time for me to get out," he said.

But first, he's hoping hard that he'll get the opportunity to relinquish this welterweight crown and go after the championship currently held by middleweight Jake La Motta.

Brooklyn Edges Pittsburgh 4-3

Brooklyn, Aug. 30.—(P)—Gil Hodges blasted his 21st homer of the year with a runner aboard in the ninth inning today to give the Brooklyn Dodgers their fourth straight victory, 4-3, over Pittsburgh.

The last ditch triumph, coupled with Boston's 12-4 conquest of St. Louis, enabled the Dodgers to cut the Cardinals' first place lead to 13 games.

Murry Dickson, little Pittsburgh right-hander, seemed well on his way to victory through the first eight innings. He had shacked the Dodgers with four hits, then he fell victim to his big weakness, the gopher ball. That shot snapped Dickson's winning streak at five games.

Much Of Illinois Corn To Be Safe From Frost Soon

Springfield, Ill., Aug. 30.—(P)—Much of Illinois' bumper corn crop will be safe from frost in two weeks, the weather bureau said today.

Most other fields will be out of danger in four weeks, the bureau reported in its weekly crop bulletin. Generally corn is two weeks ahead of normal progress for this time of year.

Stands continue in good to excellent condition. Much corn is dented, and in some communities soil filling has begun.

Scattered reports of firing and borer damage remained the only dark spots in an otherwise rosy picture.

Soybeans, for the most part, were still in fine shape, although there has been brown stem rot or rank growth in fields here and there.

The soybean crop is expected to be safe from frost in four weeks.

U.S. Makes Move To Send Ex-Capone Mobster To Jail

Chicago, Aug. 30.—(P)—The government made a move today to send ex-Capone mobster Paul (The Waiter) Ricca back to prison.

Ricca was paroled from federal prison in 1947 after serving about one-third of his 10 year sentence. He was convicted of conspiracy in an \$1,800,000 plot to shake down leaders of the movie industry.

The parole touched off a congressional investigation. It was later revoked by the Federal Parole Board. But Judge Michale L. Igoe ruled in U. S. District Court here last Nov. 23 that the government failed to prove that Ricca violated his parole. Since then Ricca has been free on \$10,000 bond.

U. S. Attorney Otto Kerner, Jr., filed a brief in U. S. Circuit Court of Appeals today to support a government appeal of Judge Igoe's ruling.

Senators Blank White Sox 1-0

Chicago, Aug. 30.—(P)—Bill Wright's throwing error and Eddie Yost's 10th inning fly enabled Eddie Yost to score the winning run tonight as the Washington Senators defeated the Chicago White Sox 1-0, before 11,974 fans.

Lloyd Little allowed only three singles as he scored his second straight shutout over Chicago for his fourth victory.

Branch Rickey Serves Notice To Beat Cards

Brooklyn, Aug. 30.—(P)—Branch Rickey, a hard, calculating man, has served the brutal truth on the Brooklyn Dodgers; they are not going to win the National league pennant unless they step out and whip the league fronting Cardinals by themselves.

It is now somewhat obvious, Rickey observed, that the Giants and the Braves have not got the right stuff to beat the Cardinals and thus assist the Dodgers.

In fact the Cardinals have just stacked up a five game winning streak versus the Giants and Braves. The streak ended today when they lost to the Braves.

"That St. Louis team is getting great pitching," said Branch, waving the point home with his tattered stick.

"But we still have three games left with them in St. Louis. That's a series we will just have to win."

Cards Are Tough
The Cardinals may offer very formidable opposition indeed to such ambitions, as Rickey well knows from his former position as the brain of the Redbirds.

Rickey offered the Dodgers no country comforts from his little tight farm system either.

"I don't know where I could find any players to help us," he moaned. "The best prospect, I believe, is Joe Landrum, a young man with Fort Worth, but could he do better than Banta? Or Carl Erskine? I doubt it. Outfielder, No."

Although neither farms nor the other National leaguers offer aid and comfort to the Dodgers, Rickey thought he could see a way out. "You Never Can Tell!"

"We've still got thirty games to go," he said.

40 And 8 Vainly Try To Enter Big Legion Parade

Philadelphia, Aug. 30.—(P)—Everybody wanted to get into the act in the mammoth American Legion parade today, and police had a hard job repelling some of the would-be parade-persistent.

Most persistent of these were members of the Forty and Eight society, the Legion's fun-making branch, who tried all day to get their locomotives and boxcars into the line of march.

To turn back one locomotive, police boarded it and carried out the driver. The crew of another Forty and Eight vehicle from Fort Wayne, Ind., roped off the "cab" to keep out boarders. Police cut the ropes and again held up the parade line.

Marching legionnaires laid down the no-locomotive rule before the parade started. They didn't want anyone riding while they were "picking them up and laying them down."

Cubs Have Spent \$2,000,000 Trying To Win Ball Games

Chicago, Aug. 30.—(P)—The Chicago Cubs, who may repeat the 1945 last place finish in the National league, have spent \$2,000,000 on player material over a four-season span, but will spend more without limit for a winning combination.

So said P. K. Wrigley today in an interview with sports writer Jack Ryan of the Chicago Daily News.

Ryan asked Wrigley if he had any intention of repeating a newspaper ad, printed just a year ago, which admitted that "this year's rebuilding job has been a flop."

B-29 Crashes In Wild Country But Only One Man Lost

Spokane, Wash., Aug. 30.—(P)—A B-29 bomber crashed in wild hill country above the Spokane river today but only one of the 15 airmen aboard appeared lost. The others parachuted to safety.

The Spokane air force base said one of the 14 parachutists had been injured, but the extent of his injuries was not known.

Sgt. Robert Smith, the air force spokesman, said officers who had arrived at the scene of the crash 35 miles northwest of Spokane were "fairly certain" that the missing airman was not in the wreckage.

The first report of the crash came in a telephone call from a farm woman. She said she had seen "several" parachutes open as the plane dove toward the earth shortly before 5 p.m. (CST).

The base said the plane's pilot was one of the first picked up. They had not been able to question him yet.

A fire broke out in the timber on the river bank shortly after the plane crashed. The smoke served as a guide to search planes from the base but hampered rescue workers on the ground as they sought the scattered crew members.

Browns Upset Yankees 6 To 2

St. Louis, Aug. 30.—(P)—Rookie Roy Sievers batted in three runs to help the St. Louis Browns humble the top-running New York Yankees, 6 to 2 tonight.

Stan Spencer contributed two other Browns runs and hit two doubles. The defeat left the Yankees just three games ahead of the Boston Red Sox in the American league race.

Sievers singled in two runners in the first inning following two hits and a sacrifice off starter Ed Lopat. In the third he singled again, scoring Spencer from second.

New York .001 000 100-2 6 1
St. Louis .001 300 006-6 11 0

FOLIO PATIENT

Decatur, Ill., Aug. 30.—(P)—Jerri Lynne Mochel, three, of Shelbyville, became the latest folio patient in City Public hospital today. She is the daughter of Mr. and Mrs. Carl Mochel.

RULED SUICIDE

Seven Oaks, Eng., Aug. 30.—(P)—A coroner's inquest decided today that Brian Norcross, 42-year-old American oil man, committed suicide by cutting his throat with a penknife.

Norcross was found dead in a ditch last Friday between Hever and Edenbridge, Kent, where he lived with his wife and two small daughters.

Jan Breck's

By Bob Morris

Prospects for an early fall are further accentuated when one observes the sudden shutdown of softball plants and the beehive of activity that is being conducted on the football practice turfs.

In fact, Recreation Club officials were so certain that softball was "dead" for the summer that they removed the Southside park backstop and began "improving" the diamond for next year.

Alas they learn too late that the "B" league is by no means settled, and that hurried plans must be made to give the V.F.W. boys a last chance to do or die in the post-home stretch. The chance came in the announcement that the V.F.W. and Red & White softball teams will meet this Thursday and Friday on the Northside diamond to decide whether the vets have an opportunity to tie the league-leading Pepsi Cola.

We're warm weather people ourselves, and always hate to see summer pushed out of the picture prematurely.

With football practice not even a week old, Bob Kraushaar is having his troubles at the J.H.S. camp. Charles McGath, who lettered at end last year but had all the earmarks of a regular guard for this campaign was sidelined yesterday afternoon when he twisted an ankle.

Kraushaar reports that the injury was not serious and Chas. will be back in there in a few days. McGath's injury seemed a little ironic when we remembered that he donned his grid togs for the first time this season Monday afternoon. A short-lived career.

As the time grows nearer for Little Roubidoux to begin six-man football practice, we become increasingly anxious to witness the east-siders' initial introduction to the sport. Roubidoux, a football forte a few years ago, was forced to sideline the sport when the manpower shortage became acute. The last Roubidoux graduating class contained a few boys who had participated in the game as freshmen, but the present crop of Rockets includes all green hands.

However, we're feeling reckless at the moment and are willing to sink a few pesos worth of confidence in Paul Stroud and his boys. Always a small school, Roubidoux has played the role of giant-killer against the big boys. Now, stacked against towns the size of Meredosia, Arenzville, etc., they'll at least be able to gaze straight across at the opposing line-men and won't suffer from a stiff neck from gawking up at some lowering modern Goliath.

Senate Exempts Newsboys From Lowest Wage Bill

Washington, Aug. 30.—(P)—The Senate voted today to exempt newspaper boys from provisions of the federal minimum wage and maximum hour act.

The action came without objection as senators sought to complete passage of a bill raising the present minimum hourly wage from 40 to 75 cents.

Senator Pepper (D-Iowa) proposed the newspaper boy exemption on behalf of the Senate labor committee. It would exempt all employees, regardless of age, "engaged in the delivery of newspapers to the consumer."

It would apply to the pay, hours and child labor provisions of the act.

Boy Inhales Bean; Saved In 125-Mile Dash To Hospital

Chicago, Aug. 30.—(P)—James Alan Schneider, two, who inhaled a bean Sunday and set in motion a race with death from Red Oak, Ill., near Freeport, to Children's hospital here, will go back home tomorrow.

The bean was removed from his lung in an emergency operation. Now, he's just fine, hospital attendants said today.

The boy was brought here in a state police car. He was given oxygen during the 125-mile drive. Trouble developed at Elgin when oxygen ran out and city police stopped the car. But the Elgin officers turned out to be a big help. They supplied more oxygen and smoothed the way for the rest of the dash by phoning ahead to police and the hospital here.

Cooper Winner Over Ortiz

Washington, Aug. 30.—(P)—An unknown youngster, Jimmy Cooper, is the boxing world's newest luminary. He scored a ten round decision last night over world bantamweight champion Manuel Ortiz in a non-title bout.

Cooper, a 21 year old left-jab artist from Washington, easily outpointed the 33-year old titlist at Griffith Stadium. But it was obvious to ring-siders that the champion was badly out of condition.

Charges Bell Failed To Tell Patients Of His Vacation

Chicago, Aug. 30.—(P)—A physician sued the Illinois Bell Telephone company today, claiming it agreed to transfer all his office calls to an associate while he was on vacation, then failed to do so.

Dr. Rudolph P. Zalelet filed a \$300,000 breach of contract suit in Superior Court.

The suit said the calls were transferred, as agreed, for one week, but after that the callers were told that the phone was temporarily disconnected.

Dr. Zalelet said he did not discover the discontinuance of service until his return from Europe after a two-month trip.

He contended he was slandered by the discontinuance of service because it led his patients to believe he had ceased to practice. He also contended his reputation was damaged.

Air Force Hopes To Push Record Above 600 MPH

Cleveland, Aug. 30.—(P)—Air Force officials expect to push the world's closed course speed record above 600 miles an hour on Labor Day when four jet fighters compete in the "J" division of the Thompson trophy race.

Word received today from Muroc (Calif.) airbase is that the jets have exceeded 600 mph on individual laps around a seven-leg 15-mile course which duplicates the official race course east of Municipal airport. The Air Force pilots are flying North American P-86 Sabres, fastest combat craft in the world.

Softball Windup Is Unsettled With Tie Imminent In 'B' Loop

Although football is rapidly moving into the center ring of the local athletic circus, a few acts remain to be staged by the softball stalwarts before going into hiding for the winter.

As previously announced by Recreation Club officials, the Jacksonville Implement Dealers neatly sewed up the senior "A" softball league with a season's record of 9 wins and 1 loss. Their nearest competitor was the Moose maulers with a won-loss standing of 6-2.

The House of Clay team, which stood softball experts on their ears when they romped through the Jacksonville sectional meet and won the right to enter the state softball playoffs two weeks ago, finished with a rather mediocre record in the "A" loop. The colored athletes were tied for third place in circuit competition with a 4-3 skein. Myers Bros. also had a 4-3 record.

"B" League Is Unsettled
Through the Implement Dealers are conceded the crown in the "A" loop on the strength of their overwhelming victory, there's a little argument in the lesser "B" league as to who's who in kings row.

Up until the rained-out league games had been played, the "B" loop crown was practically resting atop the heads of the Pepsi Cola youngsters. However, another team, the V.F.W., rushed into the public eye when they knocked off the Pepsi in two consecutive games and forced them to finish with an 8-2 league record.

Vets Can Tie Pepsi
On the other hand, the two wins gave the vets a 6-2 standing and made them eligible for a first-place tie with Pepsi Cola should they win their two remaining games. To further complicate the picture, the rained-out games were rained out, and the V.F.W.'s have been unable to wind up their league schedule. Both their remaining tussles are slated with the Red & White store team.

Both the V.F.W. and Red & White managers have agreed to play the games on successive Thursday and Friday nights at the Northside park this week. Should the vets win both games, they will be eligible for a play-off contest with Pepsi Cola. Should Red & White win the V.F.W., the Pepsi will be awarded the crown without further ado.

And that's the softball picture for the summer. Write your own conclusion.

Shirley France Resumes Practice For Channel Swim

Dover, England, Aug. 30.—(P)—It's this chalk-cliffed center of the channel swimming industry, America's 17-year-old schoolgirl challenger, Shirley May France, resumed practicing today.

The republic of France was hidden in mists, the channel was chopped with waves and so no one was swimming across today. The Egyptian Abdel Moneim Abdu, 26, was set for a trial tomorrow.

But in the comparative calm of Dover's harbor two American girl experts in different kinds of swimming—the dashes and the long pulls—met and got acquainted. They were Shirley May and Brenda Helser, holder of the American 100-meter amateur record and gold medalist for her achievement in the girls 400 meter Olympic games relay.

They discovered instantly that they are swimming girls of different worlds, the rugged channel and the quiet swimming pool. Shirley May thought that for those short distances it doesn't seem worth while getting into your bathing suit.

"I have always felt," said Brenda, "that for those long distances there are boats."

Two Local Softball Teams Playing In New Berlin Meet

The Implement Dealer softball team is scheduled to meet a Springfield nine in the New Berlin invitational tournament at 7:30 tonight. The Dealers won their first tourney game from another capitol city club by an 11-1 count Saturday night.

The Moose aggregation, the only other local team still playing ball, will play in the New Berlin meet Thursday night. The Moose also won their first tourney game.

Red Sox Gain On Yanks; Win 3-0

Detroit, Aug. 30.—(P)—Two home runs and a walk with the bases loaded enabled the Boston Red Sox to snap eight-game winning streaks today for both the Detroit Tigers and pitcher Freddie Hutchinson. The score was 3 to 0.

With Ellis Kinder scattering five Detroit hits, the game might as well have ended after the second inning. In that frame Vernon Stephens hit his 35th home run with the bases empty.

The only damaging result from Hutchinson's wildness came in the fifth inning.

Boston .010 010 001-3 7 1
Detroit .000 000 000-0 5 0
Kinder and Tebbets; Hutchinson, Grissom (9) and Robinson. HHRs: Boston—Stephens and DiMaggio, losing pitcher—Hutchinson.

Steps to the Moon

THE STORY: Until Harry Balbridge's millions saved the life of Gaynel Tenre's younger sister Pat, Gaynel could not persuade herself to accept Harry's proposal of marriage. However she has just about reached a decision on an evening out—away from Detroit where they live. They start out for Canada and are stopped by a police officer for a traffic violation. By pretending to be a clown, they win the officer's sympathy and he lets them go.

BY GEORGE! HE HASN'T GIVEN UP YET!

returned. "Three nice little cell buddies, Jimmy and Johnny and Joe. Don't make 'em any better. And say, did they think you were something to write home about? That's why I haven't risked taking you to the Nest again. But I'm thinking of trying my wings—a nest on my own—breaking up with the boys!"

By AL VERMEER

"YOU see, it's like this." He practically gave Jalopee her head now, settling back deeper into the seat, throwing one arm around Gaynel's back.

By AL VERMEER

"There's a pal of mine who's going to do a favor for me. We started as cubs together in our first pairs of long pants. He got to the top in a jiffy and now he's going to give me a little jerk and yank me up a step or two, for old-time's sake. In straight English—unless you've fallen asleep and aren't listening—he's going to pull me a job, like a rabbit out of a hat, with the outfit he's with. A real job! One that will take me places, the West Coast, down South, maybe even to China. You know how I like to get around."

By AL VERMEER

"But China's a long way round," Gaynel said. She did not feel so sleepy. She sat up a bit straighter, tried to look up into Fritz's face to see if he were serious.

By AL VERMEER

"The farther the better," Fritz said. "I'd go to the moon, if I ever got the chance." Barry had said that was where he would take her. "The point is," Fritz went on, "if you'll give me time to get to it, my love, that if I land the job I'll land a very neat salary along with it. I'll be set. So pretty that I..."

By AL VERMEER

"I say," he sat up straighter, too, gave Gaynel a little push back down. "Here we are at the customs."

Waverly Girl Will Go Abroad Under Federal Auspices

Miss Effie Neva Hunt, daughter of Mr. and Mrs. Luther Hunt of Waverly, is one of the merican graduate students chosen by the state department under the Fulbright act for study abroad.

She will study Late English Renaissance drama at the University of London.

Miss Hunt attended the Waverly elementary and high schools, graduating as valedictorian of her class.

Interested in speech work, she was a member of debate team of Waverly high.

She attended the University of Illinois, and there received her M.A. degree in English. She was a member of an honor society at the university.

Upon completion of her work at the university she continued her graduate study, while working as librarian in the East.

Miss Hunt is among a group of 52 students, whose names were released from Washington today. They are granted fellowships for study in the United Kingdom, Belgium, and Greece.

The list included 12 students from Illinois.

Announce Faculty Changes In New Berlin Schools

New Berlin—The board of education of Community Unit school district No. 16 has announced a number of changes in the faculty of the high school. The school term began Monday.

J. E. Crum is superintendent of the school, and J. E. Lynch is principal.

Members of the teaching staff are: Glen Alice Young, science and art; physical education; Doris Tegemann, commerce; H. W. Smith, vocational agriculture; Imogene Abner, vocational home making; Helen Robinson, mathematics; Carolyn Kirkwood, speech and English; Ernie Scott, English and Latin; and Martin Waruke, coach and social science.

Principal of the New Berlin grade school is Ivan Boone. His faculty includes Margaret Puhl, fifth and sixth grades; Helen Glasgow, third and fourth grades; and Alice Ray, first and second grade.

SCOTT MAN COUNTS BEAN PODS; SEES A BUMPER CROP

269, 270, 271, 272.

It was Hugo Ehler of northeast of Winchester counting soybean pods on a plant picked at random from a bean field.

Mr. Ehler had been hearing reports of exceptional bean development in other counties, and was wondering if his was doing as well.

The above results proved to him that his bean crop was equal to the best.

Is Mr. Ehler's opinion that, if a warm sunny weather continues, he and his neighbors can begin marketing beans about Sept. 20.

An examination of the corn fields revealed that the splendid stalk development is deceptive, he feels. The number of well developed ears is less than last year, presaging somewhat lessened yield for 1949.

Even so, the prospects are that this year's corn crop will be quite substantially above average results for the past several years.

Mr. Ehler lives on the farm of O. V. Duncanson, located on the weather road, three miles north of Winchester.

If anyone is losing sleep over the prospects, Mr. Ehler advises them to quit counting sheep. Counting bean pods—it's most relaxing.

Newspapers Only Media Increasing Advertisements

New York, Aug. 30—(AP)—Newspapers were the only media to carry national advertising in July than in the same month of 1948 according to the Aug. 31 issue of Printers' Ink.

The magazine's national advertising index showed newspapers increased their national advertising by 13 per cent in July over a year ago. National advertising in magazines was off 5 per cent, radio off 7 per cent, outdoor off 5 per cent and business papers off 4 per cent.

The newspapers' national advertising in July was 8 per cent under a drop of June. Magazines showed a drop of 10 per cent under the previous month, radio was off 17 per cent, outdoor off 7 per cent, business papers off 5 per cent and television off 20 per cent.

The general index of all national advertising was up 3 per cent over a year ago.

Scientists Report Way To Save Mice From Atom Rays

Chicago, Aug. 30—(AP)—Scientists reported today they have found a method of protecting animals against deadly atom rays.

Announcing the discovery, the Argentine National Laboratory said "these findings may provide important clues as to the nature of radiation damage and its treatment."

The new finding relates to cysteine, one of the amino acids. It was found that a majority of mice and rats given usually fatal doses of radiation did not die if they were given cysteine first.

Seventy or 80 per cent of the mice and rats treated with cysteine survived irradiation which killed about 80 per cent of the untreated animals, the laboratory reported.

Cysteine is an inexpensive amino acid containing sulphur. It is usually prepared from horsehair or wool.

SOMEONE STEALS KEYS AT KENTUCKY JAIL

Beattyville, Ky., Aug. 30—(AP)—The city jail was vacant today. Somebody stole the keys from the hiding place in jail custodian Bob Reed's kitchen.

Moreover, said Patrolman Earl Bradenbury, the key snatcher freed five of the seven inmates over the week-end.

One is still missing; the other prisoners now are in the county jail.

Cass-Scott Soil Day Speaker Advises Full Use Of Good Pastures

By the Journal Courier Farm Editor

Good pastures and their profits were emphasized yesterday at the first annual Cass-Scott soil conservation district field day held at the Noah Thompson - Edward L. C. Carls farm southwest of Virginia. Greater use of that "happy team," broome grass and alfalfa, was especially advocated by specialists who bolstered their statements with figures which indicated rich returns from well-kept pastures.

Home Economist

Miss Ida Ingalls

President McClelland has announced the appointment of Miss Ida Ingalls, assistant professor of home economics, to take the place of Mrs. Caroline Furrow Sharp, who resigned her position in the department last spring.

Miss Ingalls received her B. A. degree from the University of Iowa and her M. A. degree from Teachers College, Columbia University.

Miss Ingalls has taught successfully in the home economics department at the University of Washington, Seattle, Wash., for the past 12 years. Prior to that she taught at the University of Idaho for nine years.

Slightly Smaller High Enrollment At Winchester

Winchester—An enrollment of 266 students at Winchester Community high school was reported Tuesday by Allen H. Ligon, principal. The number shows a decrease of nine from last year due to a smaller freshman class. The first full class schedule of the year was held Tuesday after students had reported Monday morning for half the day.

Servais Chosen State Director Of Junior Police

Major Henri Servais of the Salvation Army was notified Tuesday that he had been elected Illinois director of the National Association of Junior Police with the rank of lieutenant colonel. This office was held previously by Col. Kenneth Wilson of Belleville.

The NAJP is an unusual organization which has been growing rapidly throughout the nation. Boys between the ages of 10 and 17 are especially trained to aid in emergencies and special events, such as traffic control, messenger service for relief officials during disasters, guides for visiting convention delegates and similar duties. They're "on call" whenever an occasion for their services are required.

Lt. Gen. Eddie Wise is the national chief.

A Jacksonville chapter of the NAJP will be organized by Lt. Col. Servais.

Grand Jury Will Hear Charges Of Chaining Child

Elisha Lair was bound over to await action of the grand jury at the close of a preliminary hearing Tuesday morning in the court of Justice C. S. Smith, where the 60-year-old Lair was arraigned on a charge of endangering the life and health of a child.

State's Attorney Albert Hall called Probation Officer Henri Servais as a witness. He told of finding Lair's six-year-old son chained by the neck to a chair, and of bruises on the child's back where he was beaten with a leather strap.

Lair did not make a statement at the hearing.

The court fixed his bond at \$2,000, which has not been furnished. The defendant was returned to the county jail.

Menard Soil Day Planned Sept. 7 On Miller Farm

Under the sponsorship of the Petersburg chamber of commerce, co-operating with the board of directors of the Menard soil conservation district, a demonstration field day will be held on the 290-acre farm of Frank Miller, 20 miles north of Springfield and four miles north of Fancy Prairie, on Wednesday, Sept. 7, beginning at 10 a.m.

Roy E. Yung, state director of agriculture, will appear on the program.

Lunch will be served at noon by the Menard county Home Bureau and free entertainment features will be provided.

Two thousand farmers are expected to witness the demonstrations in contour staking, soil flumes, farm maps and plans, soil testing, artificial pond construction, pasture improvement and grass waterways.

A crop-dusting demonstration by airplane and spraying will be featured. Heavy dirt-moving machinery and farm equipment will be used.

Bolivia's General Staff Victorious Against Revoltors

La Paz, Bolivia, Aug. 30—(AP)—Bolivia's general staff announced a victory at Cochabamba tonight in the army's first major battle with rightist rebels trying to overthrow the government.

The announcement said all resistance had ended in the city of 90,000 which lies 10 miles southeast of La Paz.

Two thousand government troops launched the attack this morning after the government had called up all men 19 to 50 to put down a four-day-old revolt that threatened to plunge Bolivia into civil war.

Cochabamba was one of three important cities seized by the rebels in widespread uprisings Saturday in the Andes mountains in mining region.

The revolt is led by the National Revolutionary party (MNR) of the late President Gualberto Villaroel.

Cloudburst Floods Birmingham, Ala.

Birmingham, Ala., Aug. 30—(AP)—A cloudburst—2.50 inches in 40 minutes—today sent rivers of water racing through the streets here.

Water back up from overworked storm sewers piled into dozens of basements and in the city hall alone was measured at 10 feet.

High winds, estimated at 70 miles per hour, and lightning accompanied the storm.

The rain began falling at 11:15 a.m. (CST) and three minutes later the power failures began.

LINDY'S

Married Sunday

Miss Audrey Barnes, daughter of Mr. and Mrs. Alvin Barnes of South Roxana, Ill., became the bride of Robert H. Ahlquist of Wood River in a pretty double ring ceremony held Sunday evening at Wood River First Presbyterian church. Rev. E. E. DeLong officiated.

The bridegroom is the eldest son of Mr. and Mrs. Louis Ahlquist, former Jacksonville residents. He was discharged from the navy in 1947 and has since attended Shurtleff college in Alton and the University of Illinois, where he is enrolled in the college of commerce.

The attendants were Miss Ruth Mercina of St. Louis and Cecil Neumaier of Bethalto. Bonnie Ulrich of Staunton, the bride's six year old cousin, was the flower girl; Charles Ahlquist of Chicago and George Rieken of East Alton were the ushers.

Misses Betty and Mary Lou Ahlquist presided at the serving table during the reception held on the church lawn.

The couple will make their home at 310 Elm street, Champaign.

Annual Reunion Of Brockhouse Family Is Held

The annual reunion of the H. G. Brockhouse family was held Sunday in the grove near St. Paul's Lutheran church at Chapin, with 82 members and 11 guests present.

Following a basket dinner at noon, the business meeting was conducted by the president, Warren E. Brockhouse. Seven births, five marriages and three deaths were reported by the secretary, Ada M. Schumacher. An interesting history of the family was presented by the historian, C. E. Rice. Mr. Brockhouse, Miss Schumacher and Mr. Rice were re-elected to their offices.

Mrs. Carrie Schumacher, the oldest living member and the oldest descendant in direct lineage, was present. The youngest member attending was Sharon Marie Fountain, five-month-old daughter of Leslie and Norma Younker Fountain of Edinburg.

The fourth Sunday in August 1950 is the date for the next reunion.

Those present included Mr. and Mrs. Leland Verries, Martin, Larry and John, Mrs. Nora Bartelheim, Norman and Dorothy, Mr. and Mrs. Arlo Schumacher, Marilyn, Mr. and Mrs. Carlton Schumacher, Janet, Arthur and David, Mrs. Mary Schumacher, Mildred and Laura, Mr. and Mrs. Arthur Nergenhah, Arthur Warren, Mr. and Mrs. Henry Detmer, Mr. and Mrs. Ernest Detmer, Mrs. Carrie Schumacher, Ada, Herbert Schumacher, Betty Ann, Fred Nergenhah, Marjorie and Robert and Mrs. Charlotte Wilker, Agnes and Byron, all of Chapin.

Firemen Make 2 Runs Tuesday

An electric stove was damaged by fire at 9 o'clock Tuesday morning at the home of Trusler Howe, 1308 Elm street, when a blaze developed in the oven. Firemen made a run to the home and took care of the situation.

At 8 a.m. the department made a run to the 600 block on North Church street, where an automobile belonging to Dr. George Sturm, 256 Webster avenue, was threatened by fire from an overheated brake. No damage resulted.

Believes There Is Oil In Ireland

New York, Aug. 30—(AP)—There may be oil in Ireland—and that's no bluff.

In any case, Irish eyes are smiling after a visit by Roy Dee, a 49-year-old Illinois oil man who said he did a little "prospecting" on a visit to his Irish parents' birthplace.

"It's my opinion there's oil in that country," said Dee, who lives in Mt. Carmel, Ill., and manages the Illinois Basin Oil Pool in Wayne county. He arrived today on the liner Caronia.

But Dee says it's too early to say if his company will do any wildcatting in the emerald isle.

Miss Donna Alred Worthy Adviser Of Rainbow Order

Roodhouse—Miss Donna Alred became worthy adviser of the Order of Rainbow Girls, Roodhouse assembly, at an installation ceremony held Friday in the high school gymnasium.

Installing officers were Marcella Casteel, retiring worthy adviser, Joyce Martin, Betty Camp, Barbara Neal, Carol Ann Davis, and Charlotte Hanly.

Music for the ceremony was provided by Mrs. Merle R. Mackey, pianist, and Betty Perry and Sue Ann Helton, soloists.

The interpolation prayer was led by the local DeMolay. Escorts of the DeMolay were Maurice Hutton, Jim Ranson, Phil Strong, Dick Hanaberger, and Jim Scott.

Other officers installed were Patsy Holmes, Marilyn Martin, Shirley Shewmaker, Shirley Dawdy, Barbara Neal, Charlotte Hanly, Peggy Wolfe, Marlene Brant, Norma Spencer, Carol Ann Davis, Betty Perry, Claire Mae Ballard, Abbie Lakin, Donna Stone, Jean Cummins, Peggy Coffman, Anne Smith and Bernita Basham.

Mrs. W. G. Ricks is mother adviser.

Annual Reunion Of Winkelman Family Held

Sixty-two members of the Winkelman family were present at the annual reunion held Sunday at St. Peter's hall, northwest of Arenzville. The occasion also marked the birthday anniversary of Mrs. Henry Meyer. A potluck dinner was served at noon, and the afternoon was spent socially.

Attending the reunion were: Mrs. George Newkirk and sons, Anthony and Robert of Washington, D. C.; Mr. and Mrs. Charles Winkelman and daughter Charlene of Springfield, Mr. and Mrs. Marvin Duerer of Waverly, Mr. and Mrs. Robert Lovekamp and daughters, Nancy and Linda, Mr. and Mrs. Melvin Nobis and son, Darrell of Bluffs, Mr. and Mrs. Lorenz Winkelman and children, of Mercedosa, Mr. and Mrs. Alvin Paul and children, Barbara, James, and Charles, Mr. and Mrs. John Schroeder and children, Edward, Barbara, and Marilyn of Chapin, and Mr. and Mrs. Harold Rolf of Virginia.

This Hay Fever Victim Is Really Having Troubles

St. Joseph, Mo., Aug. 20—(AP)—You, think you have troubles?

Well compare them with those of a man brought into court for failure to pay child support. He told Magistrate William H. Kimberlin this story:

He has two ex-wives and they have a total of four children of which he is the father.

He has one child by his present wife.

He also has hay fever.

He sneezed so badly while working in the basement of his place of employment that it disturbed his boss in an office two stories up.

The boss told him to stay home until he quit sneezing.

As a result of the lay-off he earned only \$8.17 last week. He gave each of his former wives \$2.70 of that amount and kept the remaining \$2.77 for his current family. He spent \$2.35 of that for hay fever medicine.

Magistrate Kimberlin agreed the defendant had troubles. He released him and advised him to get back to work as quickly as the hay fever would permit.
